Strategic Planning Discussion in collaboration with the Fletcher Group, Nate Conklin. We discussed our goals for a recovery center in Region 3, specifically in Payette to serve Payette, Washington, and Adams counties as a recovery community would bring in much needed resources and build connections within the communities. We secured locations at St. Luke’s Fruitland Health Plaza 2 nd Floor Fuji Room and Weiser Hospital’s Office Complex Building. Our goal for these community meetings is to engage stakeholders in the discussion of developing a recovery ecosystem in Payette/Weiser. We discussed developing a master communications list, pro forma, pre-development business plan, capitol development to include site selection, site goals, and zoning, along with roles/responsibilities.		Nate will be putting together a shared folder for all of our working documents. All, please continue to share out the information on the community outreach events to engage stakeholders as well as our subcommittee meetings.
